### ABOUT US

A company founded in 2010, is focusing in polymer, carbon, packing, rubber, sealing tape, chemical product, pressure, temperature and thermocouple. These products are sourced from trustworthy manufacturers, both overseas and local. Product quality is closely monitored to ensure the satisfaction of our clients in meeting their needs and requirements.

Currently, our products have been adopted in a wide variety of manufacturing facilities. Some of our clients include food producers, oil refineries, pulp and paper industries, cement and concrete company, food packaging manufacturers and many others. This is supplemented by our commitment to customer service and quality management to provide comprehensive solutions to improve production processes.

Our company continues to live by the 2 key values established since our early days - honesty and trust in our relationships.
